Okan Ay

Full Stack Developer

(+90) 0532-546-8228 | www.okanay.com | GitHub | Linkedin

Skills

Backend : Node JS, Express JS, Hono, Lambda, PHP

Frontend : JavaScript, TypeScript, React JS - Next JS - Three JS,

CSS , SASS, Tailwind CSS, Motion with Framer Motion,

Database : PostgreSQL, Drizzle Orm

Cloud Consoles : AWS, Supabase, Vercel, cPanel, CloudFlare, Firebase

Others : Puppeteer, SQL, Rest-API, OpenAI, C#

Experiences

Reset Yourself : Front-End Development Assistant

Main Responsibilities : Understanding the development process of the project created by the previous team and contributing to the design of dynamic content using CSS, HTML, and JavaScript that support the existing PHP infrastructure.

Key Achievements : Developed an HTML to PDF conversion software that reduces costs and increases efficiency using the Puppeteer library and AWS services. This was accomplished by utilizing the Bun and Hono infrastructure.

Spyke Games : Assistant Developer

Main Responsibilities : Collaborated with the team to work on a tool that enables users to filter log records more easily.

Key Achievements : Developed a browser-based project using JavaScript, React, and Next.js. This project continues to serve actively by providing a user-friendly interface.

Search Pusher : Project Leader and Developer

Main Responsibilities : Planning both the front-end and backend architecture of the project to accelerate the indexing processes of web projects on Google.

Key Achievements : I actively contribute to the backend development process led by my teammate, using Go and Stripe. This collaborative effort is aimed at launching the project in the coming days and significantly improving the SEO performance of websites.

[Next Dok](#) : Personal Blog

Main Responsibilities : Creating a dynamic blog infrastructure that meets my own needs.

Key Achievements : Developed a personal documentation project based on Next.js for people who speak my native language. Developing and using this project brings me great pleasure.

Educations

İstanbul Aydın University - Fine Arts ~ Bachelor Degree

Footnotes

The experiences and projects detailed in this document represent only a part of my professional journey. If you are interested in learning more about other projects I have been involved in and the experiences I have gained, please do not hesitate to contact me. I am always open to new opportunities and collaborations, and I would be delighted to share my experiences with you.
